

## Trust, confidence and respect are always part of the equation.

For over 75 years, MCB's Nonprofit Practice has been working proactively and collaboratively with nonprofit entities to address their specific compliance and planning issues. A hands-on, collaborative approach provides you with a high degree of technical accounting and audit expertise that promotes best practices in all financial and tax areas. Think of it as the smart, strategic advice your organization needs to enhance its financial growth and success so you can focus on the bigger picture—your mission and the life-changing work you do.

### MCB's senior team works one-on-one with clients like these to offer comprehensive audit, consulting, accounting and tax services:

- Advocacy Groups
- Business Improvement Districts
- Chambers of Commerce
- Charitable Organizations

## The MCB Experience

Your MCB advisors truly understand the financial complexities you face every day. That's why, as an MCB client, you will have a team of savvy strategists with expertise in personalizing our comprehensive offerings in accounting, tax, audit, due diligence and consulting services. Most importantly, you will have a dedicated Principal year over year who will guide you through tax planning, financial statement services and general business advice.

At MCB, you will receive the personal attention you deserve and accessibility to the most senior team members who are well-acquainted with the need to work discreetly and collaboratively on your behalf. We know you will be quite pleased with our sophisticated services, extraordinary client experience and exceptional results.

Members of MCB's Nonprofit Practice are regular speakers and contributors at industry-related conferences and membership organizations. Our Principals serve as advisors on multiple Boards of Directors and Audit Committees throughout the Metropolitan Washington Area.
