

Wish You Were Here.

Learn and grow by experiencing the world of public accounting from a strategic, smart and wonderfully human firm.

MCB is a diverse, expanding practice dedicated to a culture of serving one another, as we have for over 75 very independent years. We invest in our people—both clients and employees alike—who are the heart of our firm. Yes, you will gain invaluable insight into an accounting career during an 8-week stint over the summer, but you will also have the opportunity to network with and reap extensive knowledge from our highly skilled and well-respected partners and staff.

As an MCB intern, you will do more than menial tasks. Here, you will be exposed to all aspects of the firm and see what life is really like in the world of accounting—all to find what area you love best.

What's in it for you ...

- Hands-on experience performing audit and tax services for clients.
- Working directly with all levels of our highly skilled and well-respected staff.
- Taking part in staff-directed software training on specific audit and tax systems.
- Building a professional network, fine-tuning social skills and interacting with the industry in a professional environment.
- Participating in an intern project and attending firm-wide meetings, activities and intern social events.
- Receiving competitive pay while working a four-day week with Fridays off.

We're not the only ones who think we are
**A Great Place to Work
for Your Internship.**

“MCB has happy workers—it’s an open, friendly atmosphere where everyone works hard, but you can ask anyone at any level for help or advice.”

“I learned so much about all aspects of accounting here. MCB is a friendly environment with many smart and talented people who enjoy working with each other.”

“I got to experience both Audit & Tax work. The staff was very welcoming and made me feel part of the team rather than an intern.”
